ABSOLUTE PUNK

The Clash released their debut album, 'The Clash', on 8th April 1977. It was (and still) is as Punk as it gets. It was a breakthrough in modern music, it was revolutionary. The album encapsulated feelings on race relations, unemployment, and American cultural imperialism - issues that are still pertinent in today's society. Iconic in style and influential over youth fashion, we are celebrating The Clash as they were 40 years ago, and of course, their prominence today.

WU TANG FOREVER...20 YEARS ON

20 years ago Wu-Tang Forever entered the charts at no.1 - despite not getting much radio airplay. The album has since achieved 4x platinum status and has won a Grammy for Best Rap Album.

20 years on and the album still sounds as fresh as it did back then which is all credit to the world's most loved groups in Hip Hop.

CHVRCHES & KRISTEN STEWART

Kristen Stewart has announced that she's working on a new, "musically oriented" project with Chvrches. The *Personal Shopper* actress shared the news in a recent interview with *The LA Times*, adding that the collaboration would be in aid of Planned Parenthood. "I had been asking (Chvrches) to let me do something for them for a while," Stewart said excitedly. "They're so good."

TOONS & HUMANZ

Gorillaz have confirmed their new album 'Humanz' will be released on 28th April. They recently performed a secret gig in London where guest appearances included Noel Gallagher and Savages' Jehnny Beth. The album also features artists Danny Brown, Pusha T, Jean Michel Jarre, Benjamin Clementine and Anthony Hamilton. Gorillaz have also announced they'll play first North America tour in seven years later this summer. Cartoons and Humanz really can make the music world go round! Our tees are bound to make you 'Feel Good'...
